## Course Overview

**Why don't we join virtual travel in Europe through this course?** The instructor will give you a guide of the European countries where she visited for her research or travel. This course aims to help students deepen their interest in European countries through looking at places of interests and history. This course is designed for both English beginners and intermediates.

## Course Goals

Students will **acquire basic knowledge** of European countries, including historic relations between the countries and Japan and students will be able to **speak about a wide range of topics** including places of interest at home and themselves by interacting with other participants.

## Course Content

The first lesson will serve as an **Orientation Session**. Instructors will inform students **about skills and activities** related to the course.
